November 3, 2008

Dear Valued Customer:

On October 27, 2008 Horizon Lines of Alaska announced a fuel surcharge reduction from 26.5% to 23.0% effective November 9, 2008. Since then fuel costs have dropped further. Horizon Lines has filed today with the Surface Transportation Board to reduce our fuel surcharge further to 19.0% effective November 9, 2008.

We will continue to monitor fuel prices and adjust the fuel surcharge based on cost trends.

We at Horizon Lines of Alaska appreciate your business and look forward to serving you in the future.

Sincerely,
HORIZON LINES LLC
